## Ayia Napa – Ayia Thekla

---

**Ayia Napa** with its spectacular white sandy beaches and its vibrant nightlife is, perhaps, the most popular tourist resort on the island.

The town is built around an old picturesque monastery, a few hundred meters away from a harbour with traditional fishing boats and boats offering excursions to visitors.

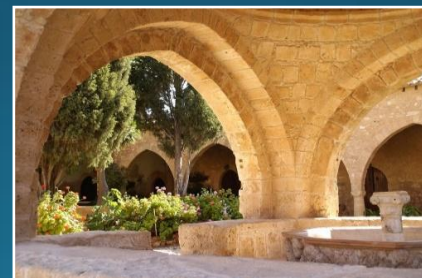

In Ayia Napa you can also find Water World Water Park, a paradise for both adults and children, the Ayia Napa Sculpture Park and Thalassa Museum.

On the west side of the town, next to Ayia Thekla Beach, a state of the art marina is currently under construction which will have over 600 berths, man-made beaches, restaurants, bars and sports facilities. Additionally, a five star hotel is under construction directly behind Ayia Thekla Beach.

**Ayia Thekla** is an area of exceptional natural beauty and due to the low building density allowance it will never be over-developed like other areas nearby. Being only a few minutes away from Ayia Napa town, it offers peace and tranquility without sacrificing the comforts of modern life.

The area has its own beaches, restaurants and a local Supermarket and the local facilities will undoubtedly improve with the completion of the Marina and the five star hotel which are under construction.

Ayia Thekla is one of the most photographed locations on the eastern coast of the island and, in particular, its beautiful white church by Ayia Thekla beach which is overlooking the crystal clear blue lagoon formed between the sandy beach and a small island, and Potamos, the natural river like harbour lined on both sides with traditional Cypriot fishing boats.

# The Residences

## Boutique Villas

---

The Residences will be an exclusive ***gated community*** of seven boutique villas located within walking distance of the picturesque Potamos, Ayia Thekla Beach and the Marina.

With large plots of up to 473 m<sup>2</sup> each property affords a feeling of privacy and space.

The contemporary design with clean architectural lines explores the dynamics of space to produce a seamless blend of indoor and outdoor living. The open-plan layout of the ground floor, with plenty of glass which allows an abundance of natural light to enter, creates a light and bright feel. On the first floor there is an en-suite master bedroom, two spacious guest bedrooms, the main bathroom and a balcony.

This new addition to the Pingos property family uses only the highest quality materials and offers a wide selection of alternative finishes to deliver outstanding properties for the discerning, international market.

# The Residences
